1. Application
The 5212T Heavy Duty 34mm Tube Clamp Adapter is to be exclusively used for the prosthetic fitting of lower extremity amputations.

2. Description
The 5212T Heavy Duty 34mm Tube Clamp Adapter is used to connect any component with 34 mm tube system. The four set screws are used for anchoring the mating pyramid system as well as for making angular adjustment for alignment. Apply recommended torque to pylon clamp screws and alignment adjustment screws for connection. Apply locitte to all screws once the alignment and connection is finalized.

3. Warranty
Warranty applies only when the product is used as intended without modification, following all manufacturer's recommendations. ST&G offers 2 years warranty.

2

4. Declaration of Conformity
ST&G as manufacturer declares that The 5212T Heavy Duty 34mm Tube Clamp Adapter conforms to the requirements of Council EU 2017/745 (MDR).

ST&G products are manufactured and tested for a particular user for whom it was not originally manufactured may cause injury and voids any written or implied warranty, or liability. The liability shall fall upon those that resale/provide the product to anyone other than the original user delivered to. Not to be resold by private party.

Tighten all the screws, which are side by side, using the torque wrench

Notice

4. Declaration of Conformity
ST&G as manufacturer declares that The 5212T Heavy Duty 34mm Tube Clamp Adapter conforms to the requirements of Council EU 2017/745 (MDR). ST&G products are manufactured and tested for a particular weight and activity impact level. Use by another user for whom it was not originally manufactured may cause injury and voids any system. The four set screws are used for anchoring the mating pyramid system as well as for making angular adjustment for alignment. Apply recommended torque to pylon clamp screws and alignment adjustment screws for connection. Apply locitte to all screws once the alignment and connection is finalized.
