P220A

P220A IFU REV.C (07-16-24)

1. **Application**
The P220A, 4 Ear Connector, Pyramid 22mm, AI is to be exclusively used for the prosthetic fitting of lower extremity amputations.

2. **Description**
The 4 Ear Connector, Pyramid 22mm, AI is integrated into the prosthetic socket's lamination as lamination anchor. For reinforcement, tie off the individual layers of stockinette between the lamination dummy and lamination anchor.

3. **Reinforcement Recommendations**
The type of reinforcement used depends on the type of loading expected. It is up to the clinician to determine adequate layup and reinforcement for the given patient usage and activity level.

4. **Warranty**
Warranty applies only when the product is used as intended without modification, following all manufacturer's recommendations. ST&G offers 1 year warranty.

5. **Environment:**
Store at room temperature, and avoid extremely hot, cold, or moist storage environments

2

Storage Temperature Range: between temperatures of -20°C to 80°C [-4°F and 176°F]

6. **Declaration of Conformity**
ST&G as manufacturer declares that the P220A, 4 Ear Connector, Pyramid 22mm, AI conforms to the requirements of Council EU 2017/745 (EU), ST&G into the prosthetic socket's lamination as lamination anchor. For reinforcement, tie off the individual layers of stockinette between the lamination dummy and lamination anchor.

7. **Useful Life**
Service life of the product is covered by the warranty period.

8. **Disposal**
The device and its packaging must be disposed of in accordance with respective national/local environmental regulations.

Notice

Tighten all the screws, which are side by side, using the torque wrench

3
